

POSTER'S FORMAT

Size: A0 80 cm x 120 cm (portrait orientation)

At the **bottom side** of the poster and within the **80 cm x 20 cm area**, there will be the **poster's title-zone** with conference's logo and designers' identity elements (name, affiliation; please consider figures 1 & 2). We advise you to use black capital letters of Arial Narrow font 48pt, center alignment for poster's title and black Italic letters of Arial Narrow font 48pt, center alignment for your names.

At the **top side** of the poster, the **80 cm x 100 cm area** is the main part of your presentation with all your research findings, images, 3D depictions, designs and text. The text should not exceed the limit of 1000 words.

You are kindly asked to use Arial Narrow 16pt for the main body of the text and Arial Narrow 12pt for the footnotes and image labels. Poster's content should have at least 1cm distance from its frame.

You may place text on images that are used as background or use image and figure labels for facilitating the comprehension of your presentation.

The authors are responsible for the printing of their own posters. The posters have to be delivered at Conference's Secretariat either during the opening day of the Conference or in the morning of the presentation day.
